

THE MAN ABOUT TOWN

WITHIN a thousand feet of each other yesterday on the shady side of Second South street, I met three men, each of whom was associated with the earlier days of the West, when this was the frontier and people made up a picturesque population that is gradually disappearing from the land. The first was Hon. James Stephenson of Omaha, a well-to-do man of that city, who has been very successful in business ventures. He is here on a visit to his daughter, Mrs. A. E. Kimball of Brigham street. Mr. Stephenson is one of the most genial of men, and always has a story for the Salt Lake newspaper. The first time he came here was in the sixties, and although he has met many old acquaintances scattered over the town, the only thing that is reminiscent of the past is Walker's bank and the completion of the Union Pacific. Mr. Stephenson was associated with many others in the stage coach business, and passed many years on the frontier between here and the river. He likes the middle West well enough, but he is always glad to run into Salt Lake.

Joe Donley was the second man to be encountered. He came to the West in '75 and ever since has been identified with work relative to its development. No man ever lived who could get up a faster story for a crowd of hungry reporters than Joe Donley, and if "Doc"

SISTER'S TRICK.

But All Came Out Right.

How a sister played a trick that brought rosy health to a coffee fiend is an interesting tale.

"I was a coffee fiend—a trembling, nervous, physical wreck yet clinging to the poison that stole away my strength because for a fleeting moment it stimulated my weakened powers. I looked at Postum and would have none of it. One day my sister, Mrs. U. S. Shofalter, substituted a cup of crisp, hot Postum for my morning cup of coffee but did not tell me what it was. I noticed the richness of it and remarked that the coffee tasted fine, but my sister did not tell me I was drinking Postum for fear I might not take any more."

"She kept the secret and kept giving me Postum instead of coffee until I grew stronger, more tireless, got a better color in my sallow cheeks, and a clearness to my eyes, then she told me of the health-giving, nerve-strengthening life-saver she had given me in the form of my morning coffee. From that time I became a disciple of Postum and words can do justice to the good cereal drink can do. I will not try to tell it for only after having used it can one be convinced of its merits."

Name given by Postum Co., Battle Creek, Mich.

Ten days' trial shows Postum's power to rebuild what coffee has destroyed. There's reason.

Refused Life Insurance on Account of Bright's Disease.

Mr. William F. Montgomery, the Largest Coal Merchant at Albany, N. Y., Was Refused Life Insurance on Account of Bright's Disease, but After Taking Warner's Safe Cure Was Accepted and Now Has His Policy.

Mr. Montgomery is a living testimonial of what this great medicine will do for men or women who have kidney, liver or bladder trouble. If you have any symptoms of kidney disease, or if any member of your family in this or past generations has had it, write the Medical Department, Warner's Safe Cure company, Rochester, N. Y., for symptom blank, interesting medical booklet, and free doctor's advice.

"I enjoyed vigorous health," says Mr. Montgomery, "up to a year ago, when, on account of overwork, I seemed to undermine my constitution. I paid little attention to the matter until it was brought home to me forcibly at an insurance examination. I failed to secure my policy, and after consulting the doctor, who made the examination, I became aware of my disease. The horror of the thing grew upon me when the doctor told me I had Bright's disease. Complications of the stomach set in, and although I doctored with well-known specialists, I grew rapidly worse."

MR. WM. F. MONTGOMERY.

My life insurance has been granted me, and I feel that I owe my health and life to Warner's Safe Cure.—Wm. F. Montgomery, 55 Hamilton St., Albany, N. Y., Jan. 10, '04.

CURED BY WARNER'S SAFE CURE.

Warner's Safe Cure has been used by leading doctors, and prescribed in their practice, and sold by druggists everywhere, for over 30 years, as the one certain cure for all diseases of kidneys, liver, bladder and blood. It cures all who take it, and leaves no bad after effects. 50 cents and \$1 a bottle. If in doubt about condition of your kidneys, let a glass or bottle of morning urine stand 24 hours. If it contains floating particles, or if a sediment forms, your kidneys have been diseased for months, and your only hope of life and health is to take Warner's Safe Cure to check inflammation, drive out the poisonous matters that have accumulated, and to cure the kidneys so that they can perform their work naturally and healthfully.

TEST YOUR URINE.

It becomes cloudy, or contains floating particles, or if a sediment forms, your kidneys have been diseased for months, and your only hope of life and health is to take Warner's Safe Cure to check inflammation, drive out the poisonous matters that have accumulated, and to cure the kidneys so that they can perform their work naturally and healthfully.

REFUSE SUBSTITUTES AND IMITATIONS. They are worthless and often exceedingly dangerous. Ask for Warner's Safe Cure; it will cure you.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

HAVE YOU A HOME?

Time You Were Preparing to Build One.

If you have a wife and children, your first and most sacred duty is to provide them with a home. If you are not married, you probably will be some time, and it would be the part of wisdom for you to begin at once preparations for securing a home of your own. This can only be done if you are not in affluent circumstances, by laying away a portion of what you are earning. The substantial wealth of the rich people of the world came through the saving habit. Quit spending every dollar you earn. A few dollars laid away each week or month will scarcely be missed, and if properly and judiciously invested will enable you in a few years to build a home or to get a fresh start if you meet with misfortune. Call on McGurkin & Co., the investment bankers, and learn just what they are prepared to do with your money, whether the amount be large or small. They have securities to offer which will insure you an income of six per cent, without the investor taking the slightest risk. Did you ever stop to consider what that means? Money invested at that rate of interest, from two to three per cent higher than you can get from a savings account, doubles in twelve years. Save systematically in this way, and in a few years you can smile at adversity.

Through the Skin TO THE BLOOD.

Some of the most stubborn diseases enter into the system through the pores of the skin. The juices of Poison Oak and Ivy and other noxious wild plants, when taken into the circulation, break out afresh each season, and linger on for years unless antidoted and driven out of the system.

Dye Poisoning from wearing colored under-clothing and hosiery is of frequent occurrence.

Workers in Lead, Brass, and other metals are often poisoned by the chemicals and acids used in polishing, and the dust and fumes settling upon the skin. The diseases that enter the system by absorption or through the pores are as deep-seated and dangerous as any, and cannot be reached by washes, salves, soaps or other external remedies. The blood must be purified before getting permanently rid of the disease. S. S. S. acts upon the blood, ridding it of the original poison and restoring it to a healthy, normal condition.

S. S. S. is guaranteed entirely vegetable, and an unrivaled blood purifier. With all impurities removed from the blood, the sores and eruptions disappear from the skin. Write us should you desire medical advice or any information about your case; this will cost you nothing.

POISON OAK FOR EIGHT YEARS. When eight years old I was poisoned by handling poison oak, and it would break out on me every spring for eighteen years. Some one recommended S. S. S., which cured me. I have seen no signs of the eruptions for several seasons. TOCOO, GEORGIA. MRS. A. N. BENNETT.

READ THE STATEMENT OF MR. A. L. MILLAR—HE SPEAKS FROM EXPERIENCE.

Mr. Millar says: "I have suffered with catarrh of the head, throat and stomach for about five years. I had to hawk and spit continually, nose filled up, breathing heavy, and everything I ate gave me discomfort. In fact, I could not keep anything in my stomach, and felt miserable all the time."

"I took fully 50 bottles of a widely advertised Catarrh Tonic, and it was like drinking so much water—it did me no good at all. Finally I went to Drs. Shores, and I want to say that these Doctors know their business. I began to improve at once, and today I am feeling fine, eat three square meals a day without distress, sleep fine and feel better in every way, and I am glad to endorse Drs. Shores' treatment and recommend these Skilled Specialists to my friends."

HAY FEVER.

So many patients have applied to Drs. Shores and Shores for treatment lately who have been suffering from Hay Fever and did not know what their trouble was, that Drs. Shores have decided to explain the symptoms, effects and treatment of Hay Fever, that all may tell it at a glance.

In the beginning of an attack of Hay Fever the patient experiences a sense of uneasiness about the nasal passages, with a slight disposition to sneeze. Gradually these symptoms increase, and often there is an intense itching of the nasal passages, with a profuse watery discharge, which necessitates the constant use of a handkerchief. In aggravated cases the discharge drips continually from the nose, later the mucous membrane becomes so congested that the secretions present a grayish color. The inflamed mucous membrane naturally causes more or less stenosis, or narrowing or closing of the nasal passages, which adds greatly to the discomfort of the sufferer, often times the nasal passages are entirely closed up.

If the patient lies on the side, the nasal passage which is uppermost becomes open, while the liquid collects in the parts below; or if the patient lies on the back and the flow passes from the nose, later the mucous stoppage of the nasal passages. The fluids which escape from the nose are often irritating around the opening of the nose and lip, and very frequently give rise to irritation around the opening of the nose and lip, and sometimes even result in eczema. The eyes become congested and the lips red and itching. If the disease is allowed to run an attack of asthma often sets in. The asthmatic symptoms are usually confined to the night time, although the waking hours are often characterized by shortness of breathing, which the patient describes as wheezing.

Hay Fever is a treacherous disease, but almost every case yields to proper care and treatment. Every sufferer from this insidious and deceptive disease should consult Drs. Shores & Shores at once.

Contracted Disorders.	What "Weakness" Is and How We Cure It.	Blood Poison.
Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured.	So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. We are not one of those who use no other methods can full and permanent restoration of strength and vigor be accomplished.	No dangerous minerals to drive the virus to the bones, but harmless, blood-cleansing remedies that remove the last poisonous taint.
Lost Manhood.	Stricture, Piles, Skin and Kidney Disease, Lost Manhood, Hydrocele, Seminal Weakness, Etc.	Varicocele. Absolutely painless treatment that cures completely. Invest in our method. We cure Varicocele, or it don't cost you a penny.
